

Andrew Dooley  
Area 8 CSLO / IRO  
Huyton 856 Vice Chairman.

**ROUND TABLE**

Fellow Tablers,

Firstly I would like to introduce myself to those of you who don't know me, I'm Andrew Dooley from Huyton 856, sorry for not compiling a report at the last meeting but I was up the wall as I was going to America to coach soccer. A lot has happened over the past few months, as some of you might know, Tablers have done a numerous number of things, Anthony Nolan Donor Finders which was done at the Matthew Street Festival not only raising the profile of the Anthony Nolan Trust but also the profile of Area 8 Round Table, where the team who attended the training managed to get 306 people signed up to the donor register, this is an excellent achievement and means that there could be 306 more matches for a child or even a young adult, meaning that this match can save someone's life. The clinic lasted two days and the new Liverpool FC goal keeper Brad Jones also turned up to register, as his son has recently found a match. Also for the people from Area 8 who chose to attend NSW and opted to take part in the sea swimming, photo opportunities with our National Presidents Charity took place as the sea swimmers took part in a swim across Morecombe Bay, to raise the profile of RNLI (Royal National Lifeboat Institution), but to also compete in one of the events at national sporting weekend, Also Warrington Round Table, have been helping a local family restore a garden so that the children from the family have something to play in, as they had a garden that had gone to rack and ruin. More will follow on this. As we grow closer to the month of Movember (the month formerly known as November) I would like to ask fellow tablers to join troops and grow Moo's, Muzzys, Tashes, or bumfluff, for the cause and to raise the awareness of prostate cancer, Leyland round table are all participating in this event and I would like fellow tables to join in too, this is a good laugh and you have a month to grow and groom! This concludes my report, as these are the only things that have been made know too me, as the Christmas Season approaches tables will be out in force raising money for charity through a variety of different events and I would like you to pass on my details to you CSLO & IRO's and get them to contact me what you as a table are doing, so that we can promote ourselves as a table and also get Area 8 recognised locally and nationally.

YiT

Andrew Dooley
